

BENJAMIN BASSET

Data Scientist junior seeking challenging opportunities

Bordeaux, France • (+33) 7 69 91 99 97 • bbasset.benjamin@gmail.com

SUMMARY

Started studies in 2021 after three years working in a bank. Graduated with distinction from two bachelor's degrees: one in Finance and Management, and the other in Applied Mathematics and Computer Science. Currently studying Computer Science at Bordeaux Institute of Technology. Looking for a 3-month internship to contribute to projects on data science and analysis, information systems, and AI-driven decision support.

EDUCATION

Bordeaux Institute of Technology (ENSEIRB-MATMECA), Bordeaux, France

Until 2027

5-year degree in Computer Science

Skills: Information system, statistics, software development, system architecture

University Paul Sabatier, Toulouse, France

2024

Bachelor degree in applied mathematics and computer science

Option: Computer science applied to management

Skills: Information system, statistics, software development

WORK EXPERIENCE

Research Analyst, Act Justly - Internship, 3 months

Brussels, Belgium

2025

- Collected and preprocessed datasets for analysis
- Data storage and information system management
